Versailles & Gilt

Following on from the classical French themes we are so successful with, the Versailles & Gilt collection is simply stunning. Made entirely by hand by the top carvers and craftsmen from Indonesia, this range is finished in genuine gold leaf, hand applied onto a coating of Gesso and firmly glued and brushed into the contours of the carvings. Real Silk and Damask upholstery, Marble tops and beautiful attention to detail with the distressing carefully controlled to highlight selected areas, where most natural wear would have occurred. Beautiful antique reproductions retaining the authentic look of the original. An upmarket range for the quality stockist.
